

Nov. 1, 2021

Dear NANA employee,

Welcome to 2022 open enrollment. Open enrollment is **Monday, Nov. 8 - Monday, Dec. 13, 2021**, and applies to medical, dental, vision, voluntary life, voluntary accidental death and dismemberment (AD&D) and flexible spending account (FSA) benefits for plan year 2022 (Jan. 1 – Dec. 31, 2022).

Open enrollment is an annual opportunity when all eligible employees may change, add or remove benefit coverage without the requirement of a qualifying life event. The enclosed materials will provide you and your family with important information about the 2022 benefit plan options. These plans reflect NANA's continued commitment to providing quality, competitive and sustainable benefit programs across our subsidiaries.

Below is a summary of 2022 plan changes:

Benefit	2022 Change
Federal Employees Health Benefits (FEHB) Medical	New rates for most plans
Dental	New rates for all tiers Enhanced Benefit – Charges for covered preventive services will still be paid at 100% but will not be paid from the \$2,000 annual maximum. So, all covered individuals will have \$2,000 to use toward basic and major services.
Vision	No coverage or rate changes
Voluntary Employee Life	During open enrollment, elect voluntary life coverage (up to the greater of 3x your annual salary or \$200,000) with no medical underwriting.

Enclosed in this packet is your 2022 benefits guide with more information about your benefits and helpful hints on how to choose the coverage that will best fit your needs. Once you have reviewed the materials and made your decisions, *complete the enrollment process online by using Deltek Time & Expense (T&E) with Employee Self-Service (ESS). Instructions for how to log in and complete the process are listed on the reverse side of this page.*

Important: This year we are conducting a passive enrollment, meaning that if no action is taken, 2021 elections will carry over to 2022. ***If you have an FSA, a new election needs to be made each year, even if the amount you want to elect is not changing.*** Even if no changes are being made, going through the ESS benefits enrollment process allows you to confirm your current elections, view 2022 premium rates and review/edit beneficiary information for your life insurance.

Keep a copy of your summary page (last page of the benefits enrollment process) or confirmation email. This is your record of your new elections, and you will use it to review your benefit premium deductions on your first paycheck of 2022.

We have asked [HealthAdvocate](#) to assist employees with questions regarding the 2022 benefit plans. You may contact a representative at [1-866-799-2728](tel:1-866-799-2728).

Thank you for actively engaging in your benefit decisions and participating in open enrollment.
